### EXAMINER'S AMENDMENT

1. The examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

2. Authorization for this examiner's amendment was given in a telephone interview with Patrick Stelitano on 15 June 2005.

3. The application has been amended as follows.

#### In the Claims

In claim 20, line 3, delete "encompasses" and after "substantially" add --encircles--.

In claim 21, line 2, delete "encompasses" and after "substantially" add --encircles--.

In claim 22, line 2, delete "encompasses" and after "substantially" add --encircles--.

These changes are necessary to make the claims allowable over Megson.

### ***Reasons for Allowance***

4. The following is an examiner's statement of reasons for allowance. The prior art fails to show a distributed light source *substantially encircling* the entire periphery of the dartboard. (Megson teaches against this feature.)

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
